FEATURES

Now in stock awaiting a plot of your choice. Don't forget to ask us about plot of the month.

Clever use of space makes this 6 berth holiday home very desirable.

Double glazed and central heating for year round holidays.

The Burgundy Holiday Home offers outstanding value while fusing practicality with timeless design for fantastic family accommodation. Available in a choice of two and three-bedroom layouts and modelling a new soft furnishings scheme for 2020, its versatile aspect is exceptionally appealing.

It's easy to see why Burgundy is one of Swift's most popular holiday homes from the moment you step inside the airy interior, where low energy LED lighting throughout creates a bright environment and an open-plan layout gives a feeling of expanse.
